Subject: Tree Removal Permit – 592 Trumbell Ct., Sunnyvale, CA 94087
File No.: 2004-0781

Dear Chia Pien S Koo:

The Department of Community Development has reviewed your application for a Tree Removal Permit for two trees (1 Hollywood Cypress, 1 Deodar Cedar) in the front at the above referenced address.

Approval is granted for one (1) of the trees (**Hollywood Cypress** located near the entrance of the house). This tree is located close to the house, its future growth is impaired and is slanting; therefore a Tree Removal Permit has been granted for removal of this tree. If there is any question as to which tree has been approved for removal, please contact the City staff listed at the bottom of this letter.

The Department of Community Development has **denied** your request for removal of the **Deodar Cedar tree** (the larger of the two trees noted as "pine" tree in the application). In order to grant a tree removal permit, at least one of the following findings is necessary: (1) the tree is not healthy, (2) it represents a potential hazard, or (3) it restricts the use of your property or your neighbor's use of their property. Based on an examination of the subject tree, none of these findings can be made. The subject tree shows no evidence of potential hazard at this time. The tree appears to be healthy and there is no immediate cause for its removal.

The Sunnyvale Tree Preservation Ordinance was adopted to protect the diversity of trees in Sunnyvale. Trees are a valuable asset to the community in terms of aesthetics, protection of habitat, and enhancement of economic value of property and may be removed only under the circumstances noted above.

You may appeal this decision to the Planning Commission by filing a written appeal within fifteen calendar days of the receipt of this notice. There is a \$100.00 filing fee for the appeal.

According to the Sunnyvale Municipal Code, Section 19.94.080, any tree removed is required to be replaced. The City requires that **one (1) 15-gallon replacement tree** of any suitable species be planted anywhere on the site where small sized tree can grow to maturity unimpaired. You may refer to the enclosed Water Conserving Plant list to assist you in tree selection based on growth rates, height, spread, and other factors for tree management. **Please**

ADDRESS ALL MAIL TO: P.O. BOX 3707 SUNNYVALE, CALIFORNIA 94088-3707
TDD (408) 730-7501

♻️ Printed on Recycled Paper

complete and mail the enclosed green postcard to let us know when the replacement trees have been planted.

If you do not wish to plant the replacement tree, or do not have room for the replacement tree, a \$210 in-lieu fee for each replacement tree not planted shall be paid to the City of Sunnyvale. Funds are used to plant trees on public property within the City. Checks shall be made payable to the City of Sunnyvale (please include your driver's license number on the check), and are due within 90 days of the date of this letter. Please include "Attn: Planning Division" on the envelope.

If you need assistance with replacement tree selection or have questions on tree maintenance, you may consult with the City Arborist, Steve Sukke, at (408) 730-7505. If you have any questions regarding this permit, please contact me at (408) 730-7437. Thank you for your cooperation.

Sincerely,

Shétal Divatia
